FW24 COLLECTION

Australian ARCHIVE: Reinventing classics to suit today.

Un tuffo nel passato fra dettagli iconici e giacche full zip per riscoprire i trend che hanno fatto la storia del brand.

La collezione “Archive” recupera i disegni originali dagli anni '90/2000, riproponendo veri e propri pezzi da collezione.

Ai capi d'archivio basati sulla comodità e cura dei dettagli si aggiunge un tocco di contemporaneità che conferisce alla collezione un aspetto versatile. I richiami all'epoca si individuano dalle texture colorate, dal logo ricamato e dal taglio leggermente oversize delle silhouette, mentre l'attitudine moderna viene evidenziata dall'utilizzo di nuove cromie, vestibilità più attuali ed un concept grafico travolgente.

Australian ARCHIVE: Reinventing classics to suit today.

A dive into the past among iconic details and full zip jackets to rediscover the trends that have made brand's history.

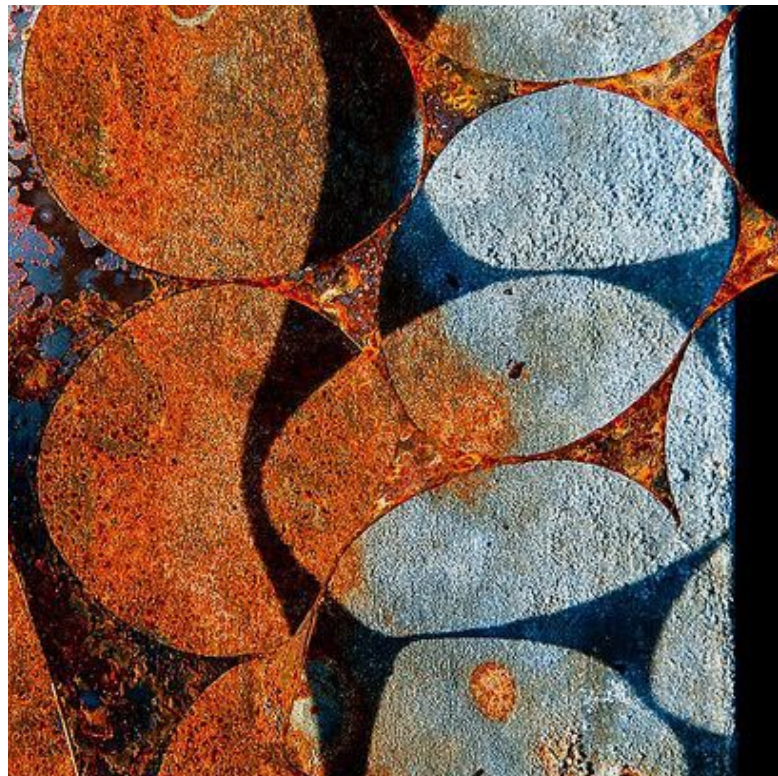

The "Archive" collection recovers the original designs from the 90s/2000s, proposing real collector's items.

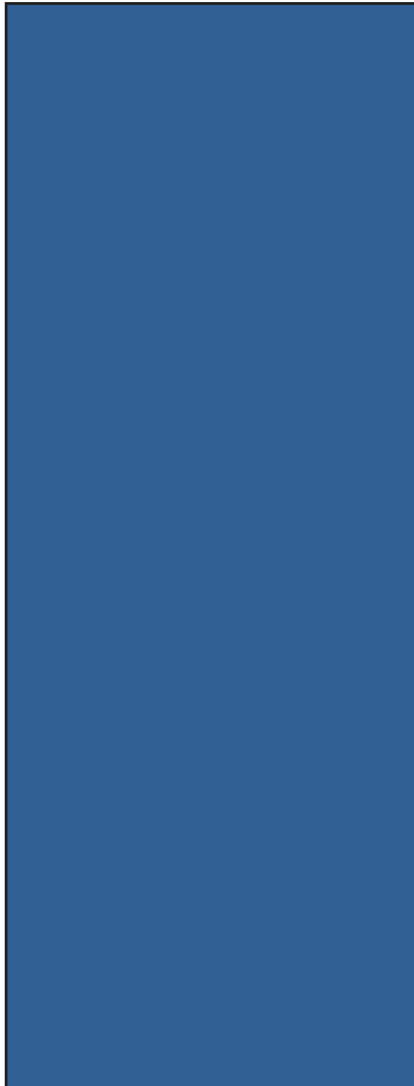

A contemporary touch is added to the archive items based on comfort and attention to details, which gives to the collection a versatile look. The references to the time are easily recognizable by the colored textures, the embroidered logo and the slightly oversized cut of the silhouettes, while the modern attitude is highlighted by the use of new colors, more current fits and an overwhelming graphic concept.
